

INTERJET AIRLINES REPORTS SEPTEMBER YOY TRAFFIC UP 12.4%

International traffic continues robust growth up 37.7 percent YOY. Overall passenger traffic increases 12.4 percent while domestic service grows 5.6 percent for same period

Interjet Airlines announced September and year-over-year passenger traffic results.

Interjet Airlines total traffic for September 2018 was 1,040,883 passengers, an increase of 11% as compared for the same month in 2017. International passenger traffic increased 27.7% with an increase of 19.8 percent in available seats while domestic passenger count increased 5.8 percent for the same period.

Overall passenger traffic for the first three quarters of 2018 increased to 10,250,000 passengers for a 12.4 percent year-over-year increase. International traffic increased a robust 37.7 percent for the same period while available seats for international routes increasing 20.9 percent. Domestic traffic increased 5.6 percent.

“We continue to operate on all cylinders,” said Julio Gamero, Interjet’s Chief Commercial Officer of Interjet. “Our value proposition of offering business and leisure travelers everywhere we fly, our unique brand of lower competitive prices with free checked bags on select fares, more legroom between seats and great service differentiates us from our peer competitors and is resonating more and more with the markets we serve,” he added.
